

## The 150th Anniversary Logo Design

The 150th Anniversary Logo was designed by Ava Blumenberg and Patti Miller. Ava is a student at Immanuel Lutheran School. Patti is an artist and Deaconess student. The graphic contains drawn images of the three Immanuel sanctuaries from past and present. At the bottom are the waves that are cut into the stone on the sanctuary altar. The structures are set within three interlocking circles and symbolize the Holy Trinity, as well as the unity and strength found in Christ and ever present in this body of believers. "Celebrating Our Past" is set behind the red ribbon coming down from the open Word of God. "Embracing Our Future" is set before it as we rely on the promises of God to be with us now and forever.

# *Embracing Our Future!*
